Items Discussed:

GAR President, Jim, went around the room asking each local President to submit one success, one challenge and one request from GAR needed for 2016. Many ideas were shared but similar answers were given. One President warned each Association to check on tax status for charitable donations. The legal hotline was mentioned.

Thoughts (Relevancy to CAOR):

Not a bad way to network and pick up and share ideas but short on time for all in the room to finish. Suggest continued attendance.
