

# Using the Collab Center in Paragon

**Virtual Training Session**  
**May 13, 2020**  
10:00 am - 11:00 am

Put the power of Paragon in the hands of your clients. Join Georgia MLS' Justin Brady as we unlock the full capability of the Client Collab Center. You'll learn not only how to create a contact, but how to associate a saved search to that contact, then present the results back to your client through their own web page.

Engage and communicate with your buying customers through the powerful Client Collaboration portal.
